direccion@ciudadaniaydemocracia.org

Temario

Sistema internacional de Derechos Humanos, medio ambiente y
cambio climático / Derechos emergentes y Responsabilidades /
Cumbres climáticas – COP y movimiento ciudadano global

First course: "Responsibility, Climate Change and COP"

The program

Followed a line of logical development in four (4) modules.

1: The international human rights system as actual historical result of the need for moral principles and legality of human beings. The environment and climate change within that system.

2: The changing nature of the international human rights system. New and emerging proposals to enrich it. Among them, **the proposal for a Universal Declaration of Responsibilities**, as need for efficient global reformulation face multiple crises (Ricardo Jimenez).

3: The process of COP (Conference of the Parties to the Framework Convention of the United Nations Climate Change), its history, development and present. Global citizens from COP movements.

4: Responsibility as mobilizing global citizenship. The case of the Manifest Lima to Paris, by the Alliance. A video international campaign as a tool to support the Universal Declaration of Human Responsibility (Isis de Palma).

Development

Classes during 3 months (Feb to June 2016).

Methodology using videos, discussions forum, analysis of media, texts, practical activities and evaluations.

Professional teachers team of allies partners (3 institutions)

State certificate by ICD- Citizenship and Democracy Institute.
Partner of Peru State University

Video Manifest Lima to Paris

Video Manifesto in Portuguese legend in English

http://www2.alliance-respons.net/bdf_fiche-document-94_en.html

Video Manifesto Lima to Paris (in French)

http://www2.alliance-respons.net/bdf_fiche-document-159_en.html

The video shows the Manifesto Lima to Paris process. Before COP 21, invited everyone to sign the Manifesto that supports the creation of the Universal Declaration of Human Responsibilities. Presented in Portuguese, Spanish and French with subtitles in 4 languages.

Contributions/suggestions of the participants module 4 of the course

After watching the video and discuss the Manifesto Lima to Paris

- "The Manifesto calls us, the peoples of the earth, to be a community of destiny, the solution will not come from another place, but a dialogue to rethink our values."

Erika Aldana, Nicaragua

CLIMATE ACTORS WORLD SUMMIT
NANTES, FRANCE SEPT 28-29 2016

- "On the way to Marrakesh, we propose that the environmental issue is legally binding in the programs of all political parties".

Susana Sazzarini - Argentina

- "The seriousness of climate change can only be addressed if we are each a multiplier effect through example."

Miguel Cordova - Chile

Thank you, all !
